together we can do more

what is emerginov?

it is an **IP multimedia platform**

It integrates **vocal access** to services (IVR)

It is a **low cost** platform

It is a **local and open** platform

Emerginov supports the **Techno Market trend** (TMT)

It is a **Bridge** between local **GSM** users and **IP** world(s)

It is **NOT** a service

It is the **ENGINEERING** of the **INNOVATION**

LOCAL ACTORS define the services, Emerginov supports them
