

Mansoura Branch

Mission

“

To create, shape, nurture and empower the Egyptian IT community, by developing and disseminating state-of-the-art training processes on forefront applications and programs.

”

Objectives

- Developing a new generation of professionals with distinguished knowledge and practical skills.
- Bridging the gap between what students learn at university and what they need for their professional career.
- Helping new graduates think not only about employment, but preparing themselves to establish their own enterprises.
- Providing training in IT principles and theories to millions of people across Egypt.

About Mansoura Branch

In Jan 2007 a decision was taken by Board of trustees to expand ITI geographically in order to reach to applicants in their locations.

In June 2007 ITI successfully made a cooperation between Mansoura University, Dakhlaya Province and ITI to open ITI Mansoura Branch.

Locations:

- 4th floor of Faculty of Computers & Information Sciences.
- 4th floor at Al-Aml hostel.
- Mansoura University.

About Mansoura Branch cont.

ITI Mansoura branch implements the role of ITI in the Nile Delta Of Egypt, and from its start in 2007 it became the 1st human resources provider for the whole companies, In addition to this role ITI encourage the startups companies and provide them with all resources and consultations.

ITI Mansoura branch started and leads the **Delta Technopreneurs Association** that connects the IT companies to develop the IT Industry in the delta, As a result to this work ITI Mansoura branch succeeded to make a lot of partnerships and cooperation in business and education sectors.
